Dear David:

I want to take this opportunity to express my sincere gratitude for your efforts as a member of the staff of the *President's Initiative on Race*. We should all be proud of what we've been able to accomplish over the past fifteen months. In addition to serving as the driving force behind the national dialogue on race relations we have truly left our mark on the American people.

Through your dedication to the *Initiative* and your work on the Dialogue Guide and as a member of the Policy Planning and Research group, we have been able to touch individuals in communities across the country. Although the job has been difficult at times, it has been extremely rewarding. We were given a rare opportunity to improve the future of our country and we have succeeded. The impression your work has left on our country will be evident long after we pack our things and move on.

In the face of constant pressure and criticism you persevered. As a result of our experiences with the *Initiative* we have all grown stronger as individuals and closer as colleagues. I consider it an honor and a privilege to have been part of such an intelligent and talented team and wish you the best of luck in your future endeavors.

Sincerely,
